RESPONSEAssistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This is a response to the Office Action dated May 18, 2001 (Paper Number 5).
Claims 1-8, 11-14 and 19, all of the claims currently active in the application, have been
rejected.

Please amend the claims as follows:

In claim 1, line 1 please delete "Compounds having the" and substitute therefore - A
compound of--.

Please add the following new claims:

20. (New) A method for inhibiting ras farnesyl transferase in a mammal in need thereof
comprising administering to said mammal an amount of a compound of claim 1 for a
time and under conditions effective to sufficiently inhibit ras farnesyl transferase to treat
the condition requiring the administration of a ras farnesyl transferase inhibitor.

21. (new) A method for inhibiting ras farnesyl transferase in a mammal affected with
restenosis, cancer or psoriasis comprising administering to said mammal an amount of a
compound of claim 1 for a time and under conditions effective to sufficiently inhibit ras
farnesyl transferase to treat or prevent said restenosis, cancer or psoriasis.
